The Express says of Obenreizer:

"Mr. Florence invests the part with a finish and naturalness in every way worthy of praise. The broken English, the quiet, calculating, gentlemanly villany of the man are portrayed with a truth to nature, although arfaste, and stamp him as an actor of keen perception and remarkable execution. His foreign travel has toned down some of the boisterousness inherent in the studed shillelah drama and sent him back to us an actor whose equal Fwould be difficult to find upon the Metropolitan stage at the present moment. Mr. Florence has always had in him the elements of an artist. Ead surroundings may, perhaps, at times have hidden this germ, but in the arduous role of Obenreizer it displays itself in a manner that does a credit to modern acting and the modern stage."
